1 Identification of the substance/preparation and of the company/undertaking

· Product details

· Trade name: B7442 Boysen Healthy Home Fresh Air

· Application of the substance / the preparation
  Boysen Healthy Home is a premium acrylic water-based paint with a satin finish, an odor-less, low VOC water-based interior coating with exclusive Microban antibacterial protection to give extra protection against bacteria such as E. Coli and Salmonella, as well as mould, mildew and fungus.

· Manufacturer/Supplier:
  Pacific Paint (Boysen) Philippines, Inc.
  292 D. Tuazon St., Quezon City
  1115 Philippines

· Further information obtainable from: Product safety department

· Information in case of emergency:
  Telephone Nos. : +63 2 364 3505
  : +63 2 365 0561
  Facsimile Nos. : +63 2 367 8878
  : +63 2 364 0472
  Email Address : inquiry@boysen.com.ph
  Website Address : www.boysen.com.ph

2 Hazards identification

· Hazard description: Not applicable.

· Information concerning particular hazards for human and environment:
  The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

· Classification system:
  The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

· GHS label elements Void

3 Composition/information on ingredients

· Chemical characterization

· Description: Mixture of substances listed below with nonhazardous additions.

· Dangerous components: Void

· Additional information:
  For the wording of the listed risk phrases refer to section 16.

4 First aid measures

· General information: No special measures required.

· After inhalation: Supply fresh air; consult doctor in case of complaints.

· After skin contact: Immediately wash with water and soap and rinse thoroughly.

· After eye contact: Rinse opened eye for several minutes under running water.

· After swallowing: If symptoms persist consult doctor.

5 Fire-fighting measures

· Suitable extinguishing agents:
  CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

(Contd. on page 2)
6 Accidental release measures

- **Person-related safety precautions:** Not required.
- **Measures for environmental protection:**
  Do not allow product to reach sewage system or any water course.
  Inform respective authorities in case of seepage into water course or sewage system.
- **Measures for cleaning/collecting:**
  Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
- **Additional information:** No dangerous substances are released.

7 Handling and storage

- **Handling:**
  - **Information for safe handling:** No special measures required.
  - **Information about fire - and explosion protection:** No special measures required.
- **Storage:**
  - **Requirements to be met by storerooms and receptacles:** No special requirements.
  - **Information about storage in one common storage facility:** Not required.
  - **Further information about storage conditions:** None.

8 Exposure controls/personal protection

- **Additional information about design of technical facilities:** No further data; see item 7.
- **Ingredients with limit values that require monitoring at the workplace:**
  The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
- **Additional information:** The lists valid during the making were used as basis.
- **Personal protective equipment:**
  - **General protective and hygienic measures:**
    The usual precautionary measures are to be adhered to when handling chemicals.
  - **Respiratory protection:** Not required.
  - **Protection of hands:**
    The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.
    Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.
    Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.
  - **Material of gloves:**
    The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.
  - **Penetration time of glove material:**
    The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
  - **Eye protection:** Goggles recommended during refilling
### 9 Physical and chemical properties

### 10 Stability and reactivity

**Thermal decomposition / conditions to be avoided**

| Value | No decomposition if used according to specifications. |

**Dangerous reactions**

| Value | No dangerous reactions known. |

**Dangerous decomposition products**

| Value | No dangerous decomposition products known. |

### 11 Toxicological information

**Acute toxicity**

**Primary irritant effect**

<table>

<td>No irritating effect.</td>
</tr>
</tbody>
</table>

**Sensitization**

| Value | No sensitizing effects known. |

**Additional toxicological information**

The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version. When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.
12 Ecological information

- General notes: Generally not hazardous for water

13 Disposal considerations

- Product:
  - Recommendation: Smaller quantities can be disposed of with household waste.

- Uncleaned packaging:
  - Recommendation: Disposal must be made according to official regulations.

14 Transport information

- Land transport ADR/RID (cross-border)
  - ADR/RID class: -

- Maritime transport IMDG:
  - IMDG Class: -
  - Marine pollutant: No

- Air transport ICAO-TI and IATA-DGR:
  - ICAO/IATA Class: -

15 Regulatory information

- Philippines Inventory of Chemicals and Chemical Substances
  - 57-55-6 propane-1,2-diol
  - 9004-62-0 Hydroxyethyl starch
  - 124-68-5 2-amino-2-methylpropanol
  - 9036-19-5 Polyethylene glycol octylphenyl ether
  - 25322-68-3 Polyethylene glycol
  - 7631-99-4 sodium nitrate, containing in the dry state more than 16.3 per cent by weight of nitrogen

- Labelling according to EU guidelines:
  Observe the general safety regulations when handling chemicals.
  The product is not subject to identification regulations under EU Directives and the Ordinance on Hazardous Materials (German GefStoffV).

- Safety phrases:
  29/56 Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point.

- Special labelling of certain preparations:
  Safety data sheet available for professional user on request.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
**Safety Data Sheet**

according to 1907/2006/EC, Article 31
